GRANT APPLICATIONS

Surrey County ASA welcomes applications for funding from Swim21 accredited clubs or those clubs who can show that they are working towards Swim21 accreditation.

Application forms can be found on this website along with the general criteria applied to revenue funding requests.

There is also an application form for capital funding.

We will consider requests of up to, generally, 75% of the value of competition equipment to a maximum of £5,000 funding in a 4-year funding cycle (October 2014 to September 2018 being the current cycle). Such property purchased must remain the property of the club concerned.

For all funding applications the request should be made in accordance with Grant Criteria, and approved by the County Treasurer before a commitment to purchase is made. If approved, any grant will be made on proof of payment and course certificate, or on proof of delivery and full payment of equipment. Payments will always be made to the club and not to an individual.

Courses with a fee of £50 or less, such as Safeguarding and other CPD courses, will be reimbursed retrospectively as long as claimed amounts are compliant with published Grant Criteria

Please contact me if you have any questions in connection with funding.
