# Scoring Approach
# for the Surrey County Age Group Championships

We have a number of medals and trophies to be awarded and there are a number of different scoring systems that can be used to determine the winners of those awards. This document summarises the approach taken for the Surrey County Age Group Championships. It is based on the rules and definitions included in the Handbook, which is amended annually by the ACM in December, and the Promoter's Conditions of the Championships.

## A. Points Systems Used

1 We use two points systems:
- Standard Points
- WA Points

2 Standard Points are awarded on the basis of 8 for 1st, 7 for 2nd and so on with 1 point being awarded for 8th place.

3 WA points are awarded for each swim for those swimmers who are aged 10 to 14.

## B. Meet Event Age Groups

1 The age groups for each event in the meet are shown in the Promoter's Conditions.

2 These age groups are the ones used for:
- Entry into the competition
- Award of standard points

3 The qualifying times for entry into the competition are set for these age groups.

4 All swimmers in an Event Age Group will be grouped together and Standard Points will be awarded as set out in A2 above within that Event Age Group.

5 By way of an example, if 17 & Over was a single Event Age Group for a particular event then all the swimmers aged 17 & Over would be grouped together when considering who came 1st, 2nd and so on.

## C. Age Groups 10/11 to 14 years

1 All swims are grouped into five categories.

2 The five categories are:
- Sprints (50m)
- 100s
- Form (200m in Backstroke, Breaststroke and Butterfly)
- IM (100m, 200m, 400m)
- Long Free (200m, 400m, 800m, 1500m)

3 Each swimmer will be awarded WA points for each swim completed for which they are not disqualified.

4 Where finals are swum, the WA points are awarded based on the time swum in the heats.

5 For each swimmer, the highest score in each category will be added together and the winner in each Age Group from 10/11 to 14 years will be the swimmer with the highest aggregate in their age group.

## D. Other Age Groups

1 No aggregate awards are made for age groups above the 14 year old age group.

## E. Medals

1 The award of medals to all event age groups will be determined using Standard Points for each event. A gold medal will be awarded for 8 points, a silver medal for 7 points and a bronze medal for 6 points.

## F. The George Tinlin Trophy

1 The George Tinlin Trophy is awarded to the team with the highest aggregate of Standard Points awarded to their swimmers in the 16 and under age groups in the individual events.
2 The Standard Points are awarded based on the Meet Event Age Groups.
3 By way of an example, if the top 16 year old boy came 4th in the 16 year old age group of the 400m Freestyle he would earn 5 points towards his team's aggregate for the Tinlin Trophy.

## G. The Burvill Cup

1. In honour of Julie Burvill, who many will remember as a key member of Surrey Swimming and Woking swimming club, we are introduced The Burvill Cup last year.
2. It is awarded to the most improved club at the Surrey Age Group Championships based on the percentage increase in Tinlin points from the previous year.
3. The club must have a minimum number of 5 athletes entered into the championships in both the current and previous years to be eligible for the award.
4. This award aims to recognise not only the improvement in athlete performance but also the hard work of the clubs and coaching teams behind the athletes, which we believe is in keeping with the contribution and values that Jules brought to Surrey Swimming.

## H. The Jubilee and Coronation Cups

1 The Jubilee and Coronation Cups are awarded to the first and second placed team with the highest aggregate of Standard Points awarded to their female swimmers for individual events.
2 The Standard Points are awarded based on the Junior, Senior or Open Age groups for each event as set out below:
- The 400m, 800m and 1500m Freestyle and the 400m IM have only an Open Age group.
- All other events have a Junior and Senior Age Group.

3 By way of example, if the top 14 year old girl came 3rd in the 200m Freestyle Junior Age Group (15 & Under) she would earn 6 points towards her team's aggregate for the Jubilee and Coronation Cups. She would also earn 8 points towards her team's aggregate for the Tinlin Trophy.

## I. The St James Trophy and the Shand Millennium Shield

1 The St James Trophy and the Shand Millennium Shield are awarded to the first and second placed team with the highest aggregate of Standard Points awarded to their male swimmers for individual events.
2 The Standard Points are awarded based on the Junior, Senior or Open Age groups for each event as set out below:
- The 400m, 800m and 1500m Freestyle and the 400m IM have only an Open Age group.
- All other events have a Junior and Senior Age Group.

3 By way of example, if the top 14 year old boy came 8th in the 400m Freestyle Open Age Group he would earn 1 point towards his team's aggregate for the St James Trophy and the Shand Millennium Shield. He would also earn 8 points towards his team's aggregate for the Tinlin Trophy.

## J. The Medal Table

1 The Medal Table is calculated by aggregating the number of medals awarded for each event based on the Meet Event Age Groups receiving medals which are set out in the Promoter's Conditions.

## K. Finals

1 There are finals for all 50m and 100m events.
2 The finals will be used to determine the award of Trophy points, event Trophies and medals.
